Dear Madam—I have a black kitten that I would like to find a home for. Would any of your readers like to take him? He is very playful.

R. D.

I will be glad to send you any letters that come in asking for the kitten. I am sure you will have plenty of answers, sou will have plenty of answers, source the Editor of Weman's Page:

Dear Madam—I will you please tell me how an oil spot may be removed from a navy blue serge dress without injuring the material?

An early reply in your paper will be appreciated, as I would like to wear the dress in a few days.

MISS B. H.

Try placing a blotter on each side of the stain and pressing with a het iron. If this does not remove the stain, place an absorbent powder such as smooth surface. Then work the powder round gently, so that the threads of the serge will not be pulled. As soon as it gets gummy, brush it off and if the stain has not disappeared, put on another application. When it is finally faded, put an another layer of absorbent, and allow it to remain over night. Brush will not injure the serge at all, if you do it gently and carefully.
